

Metamark Static Cling

Clear Self Cling

METAMARK

The Materials Company

Product Description

Metamark Static Cling is a clear self cling, non adhesive soft pvc allowing ease of removal after application. The clear film is recommended for printing using screen printing or thermal transfer printing and is supplied on a kraft liner allowing computer cutting of the decal.

Typical Applications

- It is most commonly applied to glass though will also adhere to other substrates such as steel and perspex.
- Decals produced with Static Cling can be removed cleanly after application, making this product suitable for short term advertising and point of purchase graphics. Preferred printing methods are thermal transfer or silk screen printing.

Application Guidelines

- May be applied directly from the release paper.

Face Film

Film type	Calendered pvc
Film thickness	170 mic
Tensile Strength:	Excellent (³ 16 N/qmm DIN 53455)

Adhesive

Service Temperature:	-20°C (-5°F) to 50°C (122°F)
Application temperature:	+10°C (+50°F) Min
Adhesion:	Both sides adhere securely on clean glass

Release Liner

Release Paper	180gsm kraft
---------------	--------------

Durability

Chemical Resistance:	Excellent water resistance can be Wiped clean using water and non Abrasive detergent. Immersion in Most esters, Ketones, Gasoline etc Is not recommended.
UV Resistance:	Good. No appreciable yellowing or Loss of transparency after normal Exposure.
Shrinkage:	Machine direction about -3% Transversal about + 1%
Exterior Durability:	Indoors 3 years. Outdoors 2 years. Central Europe)
Fire Rating	Flame retardant

Warranty: Metamark (UK) Limited warrants to its customers that completed decorative markings which utilise Metamark SignVinyl will remain in good condition without excessive fading or colour degradation for the specified life time of each material when correctly stored and applied in accordance with procedures outlined in the technical literature. If within the specified years of normal use Metamark SignVinyl becomes ineffective for its intended use, then Metamark will provide sufficient material to produce a new replacement marking, and will also, at its own discretion, contribute an allowance towards the costs involved in replacing the graphics. **Please Note:** The above data is given in good faith to provide an indication of the performance of the product. Purchasers should consider the suitability of each product for its intended use and the purchaser assumes all risks in connection with such use. Seller shall not be liable for damages in excess of the purchase price of the product nor for incidental nor consequential loss.
